

## Produkt Informationen

# Weller®

**SPI 27**Bestellnummer : **T0056402199**

Unregulated Main Iron

Line Voltage Soldering Iron 25 W, 230 V, Unregulated

Robust heating elements of special steel between natural mica-leaves, embedded in cast ceramics and first-class material make the Weller SPI irons outstanding in technology and life-time. The SPI irons come with plated and oxidation prevented Weller "Longlife" tips.

### Technical Data

<b>Voltage:</b>	230 V AC
<b>Power:</b>	25 W
<b>Heat-up time:</b>	ca. 180s
<b>Temperature:</b>	410°C
<b>Tip type:</b>	SPI
