

LED LENSER® SEO5 Head Lamp

Contemporary styling, a fashionable colour, and crammed full of high technology features, the LED Lenser SEO5 Head Lamp has been meticulously designed to look great and perform even better. This robust, perfectly calibrated lighting instrument is the embodiment of clever performance lighting. The SEO5 incorporates one CREE® Power LED premium light chip that delivers an impressive 180 lumens from three AAA Alkaline batteries (included). The micro-chip controlled Smart Light Technology™ enables Power, Dim (100%-15%) or Signal light options to be selected and the patented Advanced Focus System™ optics provide the option of either flood beam or a sharply focused spot beam. The SEO5 also has the very useful facility of directional lighting with the lamp head being able to swivel within an angle of 90 degrees. Additionally, it houses a handy integrated transport lock to prevent the Head Lamp accidentally switching on and unnecessarily draining the batteries. The adjustable, anti-allergic, washable and replaceable headband combines with the precisely weighted lamp to add a level of comfort that users will also appreciate.

As a leading international brand of hand-held torches and head lamps, LED Lenser is renowned for superior German engineering, outstanding performance, and state-of-the art technologies, such as the patented Advanced Focus System and Smart Light Technology. Constantly driving innovation to provide class-leading lighting instruments, LED Lenser is the brand of choice for professional tradesmen, emergency services personnel, search & rescue teams and serious outdoor enthusiasts. LED Lenser hand torches and head lamps deliver breath-taking, bright homogenous white light, that turns night into day and simply has to be seen to be believed. Using only the finest materials, such as energy-efficient CREE LED light chips, aircraft-grade aluminium and gold-plated contacts, they are renowned for quality and have a reputation for reliability that is second to none.

- 1 x High End Power White LED Light
