Duplicate one DVI-D signal to two monitors or projectors

Description

- Displays DVI-D video signals on two DVI monitors or projectors from one source
- Supports high quality DVI-D single link resolutions up to 1920x1200@60Hz
- Cascadeable up to three additional levels
- HDCP 1.3 compliant
- 2 year warranty

The Lindy 2 Port DVI-D Splitter is a versatile and simple solution for connecting a DVI-D source device and splitting the signal to two DVI-D displays or projectors simultaneously. With support for sharp DVI-D Single Link resolutions up to 1920x1200@60Hz, this splitter is perfect for creating eye catching dual display digital signage in retail scenarios or engaging multiscreen educational presentations at tradeshows, company training or in the classroom.

The additional ability to cascade this splitter up to three further levels allows for an extended DVI splitting experience, ideal for multi-screen situations such as informational broadcasting in airports, train stations or stock exchange offices.

Please note: the input and output cable lengths may vary based on quality of the DVI-D single link cable used
