

Cat.6A 0.5U 24 Port RJ-45 Patch Panel, Shielded, Black

No.: 25884

24 Ports in 0.5 height unit, 10GbE

Description

- 24 fully shielded RJ-45 ports
- Cat.6A / Class E, 10GbE compliant
- 3P certified
- Cable ties supplied for cable management
- High quality angled terminal block contacts
- 2 year warranty

The low profile design of these patch panels means two can be fitted together in a standard 1U space giving additional room for critical applications or rack expansions.

Package contents:

24 Port STP Patch Panel
24 Cable Ties
2 x cage nuts and washers
Earth Grounding Cable, 0.35m
